Forest Hill Cemetery, part of the Forest Lawn Cemetery Group, is the largest and most historic cemetery within the Town of Attica. It is a non-profit, non-sectarian cemetery, established by the Attica Cemetery Association in 1868.

The landmark Chapel at Forest Hill Cemetery is a community treasure, built in 1902. Located near the center of the cemetery, mid-way up its rolling landscape, it is believed to be the only Chapel in New York state with a wrap-around veranda. This historic structure serves as a memorial landmark and gathering space.

Today at Forest Hill, we provide a variety of options to families at a time of loss, as well as to individuals who recognize the value of pre-planning. We offer traditional and green burial options within this historic and active 30 acre picturesque cemetery.
